GENERAL PROVISIONS AND RISK NOTICE

(A) The following are Striga's Terms of Service for Co-Brand Partners' End Users ("Terms").

(B) When we speak of "Striga", "we", "us", and "our", we mean Striga Technology OÜ, a company registered in the Republic of Estonia (Member State of the European Union), registry code: 16298772, address: Sepapaja 6, Lasnamäe linnaosa, 11415 Tallinn. We are developing and maintaining a software platform ("Platform"), and we cooperate with our "Co-Brand Partners" to enable the Co-Brand Partners' "End Users" to access "Services" and "Third-Party Services" through the Platform. We hold a virtual asset service provider license from the Financial Intelligence Unit of the Republic of Estonia (license number FVT000546) for providing services related to "Virtual Assets".

(C) When we speak of "End User", "you", and "your", we mean the customer of a respective Co-Brand Partner through whom the customer accesses the Platform, Services, and Third-Party Services.

(D) Your use of the Platform, Services, and Third-Party Services is subject to agreeing and complying with these Terms. These Terms shall constitute a binding legal agreement ("Agreement") between you and us. Your use of the Platform, Services, and Third-party Services is additionally subject to the applicable "Restrictions and Limitations".

(E) In addition to these Terms, your use of the Platform, Services, and Third-Party Services is subject to the relevant Co-Brand Partner's terms, conditions, and other policies ("Co-Brand Partner Terms") as per our arrangements with the Co-Brand Partner through whom you access the Platform, Services, and Third-Party Services, and any additionally applicable terms. Please refer to the respective Co-Brand Partner Terms for further information on the exact scope and nature of the Services and Third-Party Services made available to you and for more details on respective rights and obligations. Striga assumes no liability towards you arising from any legal relationships you have with an individual Co-Brand Partner or from any Co-Brand Partner Terms conflicting with these Terms.

(F) The use of specific Third-Party Services made available through the Platform is also subject to the terms, conditions, and policies of a respective "Third-Party Service Provider". Striga assumes no liability towards you arising from any legal relationships you have with a Third-Party Service Provider. You will be required to consent to the applicable Third-Party Service Provider's terms, conditions, and policies ("Third-Party Terms") when you wish to use such services.

(G) Our Co-Brand Partners and Third-Party Service Providers are not authorized to enter into transactions on our behalf that would give rise to our liabilities toward you. The legal agreement between you and us and our obligations toward you are exclusively set out in these Terms.

(H) Striga's personal data processing practices are described in Striga's "Privacy Policy". Your use of the Platform, Services, and Third-Party Services is subject to agreeing to our Privacy Policy. Please refer to the Privacy Policy on Striga's website www.striga.com.

(I) Risk Notice:

Before applying to become our customer and using the Services, please carefully consider and ensure that holding and transacting with Virtual Assets aligns with your relevant experience, financial situation, and risk appetite. To date, Virtual Assets are deemed a very high-risk and volatile asset class, meaning their value can change significantly over a very short period. Certain Virtual Assets may also have low liquidity, meaning that in certain instances, they either cannot be traded against fiat currencies or can be traded only under unfavorable commercial conditions. Therefore, before purchasing and transacting with Virtual Assets, you should always do your due diligence and consider seeking professional advice. In addition, Virtual Asset deposits or fiat currency deposits made into the Platform are not subject to government security or compensation schemes. Further, the overall legal framework surrounding Virtual Assets differs by jurisdiction, and it may change in the future, which may result in unexpected restrictions or limitations with regard to the use of Services.

Please note that Striga does not control the underlying software protocol which governs the operation of Virtual Assets and cannot guarantee the accuracy of the information provided nor the functionality, security, or availability of the underlying protocols. Therefore, Striga assumes no liability for the operation of underlying protocols. You acknowledge and accept the risk that underlying software protocols relating to any Virtual Assets you hold in your account may change.

Where a Co-Brand Partner's application provides a method of interacting with decentralized applications ("dAPPs"), and you decide to interact with dAPPs, you also acknowledge that dAPPs are associated with many additional risks specific to them, such as lack of transparency, lack of adequate internal control, pseudonymity and the resulting vulnerability to manipulation, vulnerability to hacks, etc., which, when crystallized, may eventually lead to the loss of your funds transferred into the dAPPs. You acknowledge that the dAPPs are not provided by us, and we can't hedge the risks related to the dAPPs. Consequently, our sole responsibility concerning the interaction with the dAPPs is to execute Virtual Asset transfers initiated and confirmed by you and make available your funds that have been transferred from the dAPPs and successfully reached our ecosystem. However, we make no representations, warranties, or guarantees of any kind as to the consequences of you transferring Virtual Assets to the dAPPs or the operation of the dAPPs. We shall not assume any liability for the security, functionality, or accuracy of representations about the dAPPs. Also, we shall not represent, warrant, or guarantee the return of any principal amount of Virtual Assets transferred to the dAPPs, or any proceeds, returns, or rewards offered or advertised by third parties in connection with the dAPPs. You shall use the dAPPs for your own purposes and at your own risk. Enabling transactions with the dAPPs shall not be construed as our advice to transact with the dAPPs.

Striga assumes no liability arising from the typical risks related to the Services as

described above.

5. YOUR OBLIGATIONS AND LIABILITY

5.1. You must use the Services in strict compliance with these Terms. Additionally, you undertake to identify and follow the requirements of the laws applicable to you and/or in the jurisdiction from which you access the Services. 6.6. We do not provide asset management, investment, or any other advice or recommendations on any individual transaction or group of transactions or the overall composition of your Virtual Assets portfolio. We are not required to ensure that any particular transaction, or group of transactions, is suitable for you.

6.7. To the maximum extent permitted by any applicable law, we make no warranties of any kind, whether express or implied, in relation to the Services on the Platform, including but not limited to implied warranties of satisfactory quality, functionality, fitness for a particular purpose, non-infringement, compatibility, security, accuracy, title, condition or completeness, merchantability, or any implied warranty arising from a course of dealing or usage or trade.

6.8. Nothing in this Agreement excludes our liability for:

6.8.1. fraud or fraudulent misrepresentation;

6.8.2. deliberate misconduct or gross negligence;

6.8.3. death or personal injury caused by our negligence.

6.9. Nothing in this Agreement shall limit your guaranteed rights as a consumer under mandatory provisions of applicable consumer protection legislation.

7. TRANSACTING

7.1. To use the Platform and Services, you must have deposited sufficient funds using the payment methods supported by us as per our arrangements with the relevant Co-Brand Partner. We pay no interest in respect of funds in your account.

7.2. Before transferring Virtual Assets to your account, you must ensure that the Virtual Assets in question are supported by us (see clause 2.2 of these Terms). You may not use your account to store unsupported Virtual Assets, as doing so may result in the loss of your assets. We assume no liability for any attempted use or storage of unsupported Virtual Assets.

7.3. If you use a Virtual IBAN for euro deposits and withdrawals, we only accept the following:

7.3.1. fiat deposits to your Virtual IBAN from a payment account in your own name (SEPA);

7.3.2. fiat withdrawals from your Virtual IBAN to a payment account in your own name (SEPA).

7.4. We will reject and not process deposits or withdrawals not meeting the requirements in clause 7.3.

7.5. The applicable transaction limits are set out in the Restrictions and Limitations, which you acknowledge and agree to. You acknowledge and agree that we may amend these transaction limits at our sole discretion at any time. In addition to these transaction limits, we reserve the right to reject and not process a transaction or transactions if we have grounds to believe that processing the transaction(s) may result in non-compliance with applicable regulatory requirements. We are not required to provide reasoning if we decide not to process your transaction.

7.6. You may not use the Services or Third-Party Services to conduct, support, or otherwise facilitate criminal, illegal, or other activity that would breach statutory law or third-party rights. You must not transact with sanctioned persons or otherwise contrary to sanctions imposed by the European Union, United Nations, US Treasury Department's Office of Foreign Control Assets (OFAC), and HM Treasury Office of Financial Sanctions Implementation (OFSI). You acknowledge and agree that failure to comply with the above may result in the immediate suspension of the Services, Third-Party Services, and your account, or termination of the Agreement, and/or, where mandated by applicable law or regulatory guidelines, freezing of your funds.

7.7. The base currency for the provision of Services is the euro (EUR), meaning that all transactions and settlements are accounted for in their EUR value. A transaction or settlement made with an involvement of another fiat currency or Virtual Asset shall be executed at the exchange rates we provide you with through the Platform.

7.8. We do not assume any risk from any changes in fiat currency and/or Virtual Assets exchange rates. In the case of a canceled or reverse transaction, we will therefore credit your account with fiat currency and/or Virtual Assets of our choice corresponding to the euro value of the transaction at the exchange rate at the time of executing the transaction that was later canceled or reversed.

8. TRANSACTIONS WITH A PAYMENT CARD

8.1. The Payment Card is issued, and the respective payment services are provided by a Third-Party Service Provider according to the applicable Third-Party Terms, which you must agree to before using the respective Third-Party Services.

8.2. You acknowledge and agree that using the Payment Card for payments and withdrawals is not possible within the countries, territories, regions, or jurisdictions listed in the Restrictions and Limitations.

8.3. If you initiate a transaction with a Payment Card issued to you by the Third-Party Service Provider, your transaction will be completed on the condition that your account balance on the Platform is sufficient to cover the amount of the Payment Card transaction and fees, if applicable. You acknowledge that at the time of such transaction, the transaction is funded from our funds. Therefore, by authorizing your Payment Card transaction, you simultaneously authorize us to perform a set-off and debit the Virtual Asset balance of your account amounting to the value of the Payment Card transaction in euro (EUR) as per the applicable exchange rate, and we shall not be required to submit you a separate set-off notice.

8.4. By authorizing your Payment Card transaction, you also authorize us to exchange your fiat balance against Virtual Assets to the extent your Virtual Asset balance is not sufficient to cover the entire amount of the Payment Card transaction and fees, if applicable, and debit the Virtual Assets credited to your account as a result of the exchange in accordance with clause 8.3 above.

8.5. You agree and accept that your Payment Card transaction will be declined if your account balance on the Platform is insufficient to cover the amount of the Payment Card transaction and fees, if applicable.

9. FEES

9.1. Except as otherwise provided in these Terms, we don't charge you any fees.

9.2. We may charge you a Virtual Asset withdrawal/transfer transaction fee. The amount of the fee will depend on the network fees paid by us for processing the withdrawal transaction.

9.3. We may also charge you a fee if we reject a Virtual Asset deposit into your Wallet and return the funds to the address from which the Virtual Assets were sent to your Wallet. The amount of the fee will depend on the network fees paid by us for processing the withdrawal transaction.

9.4. The Co-Brand Partner through whom you access the Platform, Services, and Third-Party Services, may charge you fees for making the Services and Third-Party Services

available through the Co-Brand Partner's application in accordance with the Co-Brand Partner Terms. You authorize us to debit all Co-Brand Partner's fees from your account in the amounts and frequency (as applicable) as the respective Co-Brand Partner has notified us. If you believe that the Co-Brand Partner's fees and charges debited from your account differ from the fee conditions in the Co-Brand Partner Terms, you need to file a direct claim/complaint with the Co-Brand Partner; and you agree that we shall not be held liable for any such claims relating to the collection of Co-Brand Partner fees.

You agree that in case of a support request or a complaint handled by the Co-Brand Partner, we may address the request or complaint instead of the Co-Brand Partner if we deem this appropriate in a particular case.

12.2. If you wish to file a complaint in relation to the Payment Card or challenge a transaction made with a Payment Card, you will need to contact us, and we will forward your complaint or claim to the respective Third-Party Service Provider issuing the card. We may collect the information required to process your complaint or dispute through the Co-Brand Partner. The Third-Party Service Provider will process your complaint or claim in accordance with its policies as notified and amended from time to time. If you do not challenge a transaction made with the Payment Card, we may process your complaint or claim instead of the Third-Party Service Provider.

12.3. We shall not assume any liability for the actions of the Co-Brand Partner and the Third-Party Service Provider in relation to processing your complaint(s) or for the outcome of such proceedings.

12.4. Where we process your complaint or claim, we generally respond to your complaint and provide a potential solution within 15 business days after receiving the complaint. However, you agree and accept that we may extend the deadline for responding to your claim to not exceeding 35 business days.

In such an event, we may give you an advance notice of account closure and guide you through the process of withdrawing your funds, which may be deposited with us at the time. We will have no liability or obligation for taking such action.

13.4. After your account is closed, we may further process your personal data and other data related to your use of the Services if such further processing is allowed or required under applicable law.

13.5. In certain cases provided for in the law, upon the termination of the Agreement, we will transfer your funds only to a bank account registered or having its place of business in a contracting state of the European Economic Area.
